

TREE AND SHRUB TRAIL

(0.8 Mile - Yellow Arrow)

This trail is for plant lovers. Over seventy trees and shrubs, both native and cultivated, have been marked, and are listed below.

See the Yellow Guide for this trail!

Conclusion

We hope you enjoy your visit to Adell Durbin Park. Please leave the area in at least as good of a condition as you found it. Specimens of all types belong here for others to enjoy.

Adell Durbin is operated by the City of Stow under the direct supervision of the Stow Parks and Recreation Board. The Board is composed of five citizens that are appointed to serve on the Board for five years. Four Board members are appointed by the Mayor to represent the four City Wards, and the fifth member represents the Stow Board of Education.

The Stow Parks and Recreation Board generally meets the first and third Thursdays of each month in Stow City Hall at 7:00 p.m. The public is invited and is welcome to attend the meetings.

The information in this Trail Guide was compiled and edited by John B. Denning, Jr., and John W. Love, 1977, and Jacqueline Dispenza, 1992. Various Eagle Scouts, the Environmentally Concerned Students at our High School, CVCA students, Scouts and other citizens have voluntarily improved the park recently. If you or your group would like to contribute in some way, please call 689-1759.

NOTE: If you do not wish to keep this information, return this Trail Guide to the park so others may use it. Keep Stow Beautiful!
