Welcome to MILL CREEK METROPARKS

Mill Creek Park was established in 1891 by Volney Rogers as the first park district in Ohio. Volney Rogers was inducted into Ohio's Natural Resources Hall of Fame in 2000 for his principal role in establishing Ohio's park districts.

Since converting to a metropolitan park district in 1989, Mill Creek MetroParks' mission has been to preserve open space and provide recreational opportunities of regional significance throughout Mahoning County.

Residents and visitors from across the nation and around the world can now enjoy over 3800 acres of public lands and facilities in six townships and three cities. We offer you diverse ways to spend an afternoon, a day, or a lifetime exploring the secrets of nature and experiencing the rewards of healthful activities with family and friends.

A moment of inspiration that can last a lifetime.
